DOES YOUR DRYER VENT NEED ATTENTION???

Clear Vent USA out of Ashland is willing to give us a reduced price on vent cleaning. Original price is \$175. If we have 10 or more households, the price drops to \$75 per customer. That's a nice savings!! And a good idea to get those vents cleaned before winter! If interested in scheduling, please contact Larry Madeker. He'll add you to the list!

The Tower Lakes sign at the west entrance has two new legs to stand on. This was truly a team effort. Thanks to Jerry Fraifogl and Fred Hendricks for their brains and backs. Thanks to a local Mennonite farmer for crafting the two posts from a single 12 foot long 6" x 6" treated post including routing the edges and shaping the tops to match the original posts. Thanks to Walt Hunsinger for the use of his post hole digger. The posts will be painted white in a few months after they have had a chance to "weather".
